

**Tithe.ly**

## **The global leader in church technology**

It started with an app for his local church, but Dean Sweetman and his son Barn soon developed their idea into the first mobile giving app for Tithe.ly in 2015. Since the development of this original app, Tithe.ly has grown into the global leader in digital giving, church engagement, and church management software. Today, Tithe.ly serves over 20,000 churches in 50 countries, and is trusted by churches and ministries such as Hillsong, North Coast Church, Rock Church, and Ravi Zacharias International Ministries.
